MIRACLES

You are the God who performs miracles, you display your power among the peoples.- Psalm 77:14.

Soon to be born Baden, in the Tedlie family, is suffering from a heart condition. I believe he is already a miracle baby in utero. God has blessed him and kept his tiny fetal being safe thus far and we pray that once he is born he continues to be the miracle, and God will hold him safe in the palm of his hands throughout his impending surgery in the first few days of birth.

Eleanor Brielle Hanson continues to become a miracle throughout her five months of life.

She was diagnosed with Left hypoplastic heart syndrome, also in utero. She has endured two reconstructive heart surgeries and has held God's hand each time she went to surgery. She continues to be a joy to her family and truly a blessing in disguise to all who meet her.

Message from Vicki Hanson

Life is difficult and very challenging at times, yet life can be very fragile. I am convinced that we need to take time to say the things we deeply feel to the people we deeply care about. The same pressures and stresses that make life so challenging also provide an opportunity to experience some of life's greatest wonders and mysteries. If you are family to these members we are congratulating here, give them a hug and tell them how proud you are of them. If you are a congregation member, remember we are all God's family and give them appreciation for the awesome acts of God we are witnessing every month with this publication.

Entries for next month's AWESOME ACTS can be sent by e-mail at cocomut10@gmail.com, call 920-969-3788, or just see me at church and fill out a form. There is a red and white box for your info and forms if you desire.
